

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Purchase of Computer Equipment for Police Department
MEETING DATE: January 6, 1993
PREPARED BY: Police Chief

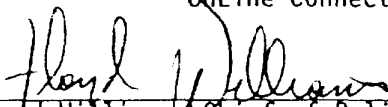

RECOMMENDED ACTION: That the City Council adopt the attached resolution awarding the bid for the purchase of computer equipment to Computerland of Stockton, the low bidder in five of seven bid categories, and to OnLine Connecting Point of Stockton, the low bidder in the remaining two categories. Total cost of purchase is \$14,425.60.

BACKGROUND INFORMATION: On July 15, 1992, the City Council authorized the allocation of funds from the Asset Seizure Account to purchase computer equipment, as well as firearms, for the Police Department. On November 18, 1992, the City Council authorized advertisement for bids for three IBM personal computers, six IBM printers, four IBM emulation kits (allowing the PCs to attach to and communicate with the Department's IBM AS/400 computer), and an auxiliary diskette drive.

Bids were opened on December 16, 1992, with results shown on the attached summary page. Although Computerland was apparent low bidder on the final two items (the emulation kit and the auxiliary drive), the units they offered failed to meet the City's specifications.

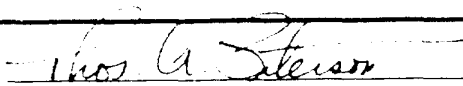

This equipment is planned for use in the Police Department's Detective Division to provide greater access to local and state files by detectives and by members of the Department's narcotics and gang investigation units.

FUNDING: Account 23.0-012.02-500 Equipment Fund.
Purchase Distribution:
Computerland \$11,101.51
OnLine Connecting Point \$ 3,324.09
